

6. SHE Tech series - International womens day celebration

IEEE Student Branch, College of Engineering Karunagappally (IEEE SB CEK) in association with Women In Engineering Affinity Group and POWER ELECTRONICS SOCIETY celebrated Women's day celebration on 10th March 2019. The program was started by the inaugural address by our Student Branch Advisor Dr. Haseena PY (Assistant Professor Electrical & Electronics Engineering Department).

As the part of tremendous Women's Day celebration a workshop based on 'Open Source Hardware-Arduino' was exclusively organized for girls. The workshop was handled by Dr. Gopakumar (Head Of Department Electronics & Communication Engineering).

There was two phase. First phase continued watching 2 videos First video was about bold is beautiful and second on tips for women. The videos was very motivation to all the students. Then general idea pitching was done group wise on the topic Decomposition Of Pads. The programs organized as per the students to be more bold and more active in this 21st century Second phase narrated by Gopakumar C. HOD of Electronics and communication Dept. an interactive session was taken on topic OPENSOURCE. It was very informative and perceivable to all the students. Then the session get down with the workshop on electrical boards. The workshop started at 10:30am to 1:00 pm and till 1:30 lunch break was rendered. Then the workshop continued till 3:30. At last the program terminated with the presentation of the idea pitching by the students.
