

8.DISTINGUISHED LECTURE PROGRAM :by Dr. Richard Kouzes.

IEEE Student Branch College Of Engineering Karunagappally triumphantly organised the "**Distinguished Lecture Program**" on 22nd of April under the NPSS /PELS Jt. Chapter. The event was conducted at the electronics and communication dept. seminar hall. The program was led by the IEEE SB chairman and his fellow Execom members. IEEE and non- IEEE members from various colleges enthusiastically attended the program. The event was commenced with a silent prayer. The code of ethics, to begin with was conveyed by the student branch chairman Mr Akshay Krishnan. The chief guest of the day was Mr Richard Kouzes (Laboratory Fellow, Pacific Northwest National Laboratory). He had issued over 680 publications and have done a number of researches and also had received noticeable awards. He along with other dignitaries were officially welcomed by Mrs. Sabeena. K (IA/IE/PELS Jt. Chapter WIE Coordinator) to this event. The presidential address was delivered by Dr Jaya V L (Principal, CEK). The felicitations were put forward by Mrs. Deepa A K (Secretary IEEE Women In Engineering AG, IEEE Section Kerala) and Mrs. Haseena P Y (Advisor IEEE SB CEK). The vote of thanks for the event was extended by Mr. Akhil Ahammed (Chair PELS/NPSS Jt. Chapter CEK). The event was carried out with the lecture presented by Mr Richard Kouzes. The topic of discussion was "**Radiation detection in International border**" where he used slides and shared his part of contribution about the topic. He also brought notable equipment and samples which captured the attention of all present there . The students were impregnated with knowledge at the end of the discussion. The event was brought to fruition with positive feedback and everyone was enlightened with knowledge.
